Distinctive Academic Achievements

• 'A' Grade University Status by Ministry of Human Resource Development, Govt. of India (2012)

• 'A' Grade Accreditation (2004) & Re-Accreditation (2011) by National Assessment and Accreditation Council (NAAC)

• Greatly Appreciated by University Grants Commission (UGC)

• Most Preferred Destination by International Students (Times of India)

• Prestigious International Collaborations

• Globally Registered Research

UGC Sponsored 6th National Seminar on Future Prospects of Biosciences
17th & 18th January 2014

Bharati Vidyapeeth
DEEMED UNIVERSITY, PUNE (INDIA)
YASHWANTRAO MOHITE COLLEGE
(ARTS, SCIENCE AND COMMERCE)
Erandwane, Pune-411038
Our proud alumni have been honoured with prestigious awards in recognition of their contributions. Our efforts have been acknowledged by various government and non-government organizations by conferring upon us titles and awards of recognition. The present seminar is a humble continuation of the celebrated tradition of academic endeavours.

About the Department of Botany
The Department of Botany started from 1978, offering graduation course B.Sc. (Botany) and research leading to Ph.D. programme from 1995. In the department 5 major and two minor research projects have been already completed from UGC, MOEF and NMPB, New Delhi. Three major research projects are on going under UGC. Two National Conferences, two National seminar and one National workshop have been organized so far. Well learned faculty is present in the department. The department has well developed Botanical and medicinal plant garden with vermicomposting unit. Career orientated programme on “Identification and Conservation of Medicinal Plants” have been sponsored by UGC this year for UG Students.

Theme of The Seminar
6th national seminar on “Future Prospects of Biosciences”
The main theme of seminar is to bring advancement in the biosciences. In course of time various biosciences like Plant sciences, Microbiology, Biotechnology, Agricultural science, Animal sciences, Veterinary science, Medical sciences, Biophysics, Biochemistry, Aerobiology, Space biology, Marine biology, Astrobiology etc have been developed to study various aspects of living things and their applications for human welfare.

This seminar will be an annual event of the department in the college for the advancement of biodiversity and for applied biotechnology to create an opportunity to bring together, researchers from academicians, Industrialists, Corporates, Scientists, Scholars, Students, Activists, Naturalist and environmental organizations on common platform. For thought provoking strategies sharing the common agenda of biodiversity its conservation and bioresource utilization using classical, molecular and other, advanced approaches that have been made available for human welfare during 21st century. Sustenance of natural bioresources in the universe is essential for human welfare and maintenance. This may be achieved by planned advancement of biosciences through innovative and applied explorations. This event will be suitable platform for these interactive deliberations by the scientists from different fields of the biosciences.

Award and ‘Shivchhatrapati Krida Puraskar’. We are proud to mention that our alumni are working in various fields of life. Our efforts have been acknowledged by various government and non-government organizations by conferring upon us titles and awards of recognition. The present seminar is an humble continuation of the celebrated tradition of academic endeavours.
