FOUNDER - CHANCELLOR: Bharati Vidyapeeth (Deemed to be University)

BHARATI VIDYAPEETH

Nurturing Values Since 1964....

Established on 10th May 1964 by Visionary Leader Dr. Patangraoji Kadam, Bharati Vidyapeeth, the parent body of Bharati Vidyapeeth (Deemed to be University) is celebrating 60 glorious years in the education sector. Bharati Vidyapeeth today is widely acclaimed as one of the largest Educational Conglomerate in India imparting quality education right from pre-primary up to doctoral level through its 190+ institutions and 29 constituent units.

The ambit of Bharati Vidyapeeth institutions of higher education encompasses all professional disciplines which include the colleges of Medicine, Dentistry, Nursing, Audiology, Optometry, Physiotherapy, Ayurved, Homeopathy, Engineering, Architecture, Management, Law, Pharmacy, Hotel Management and Catering Technology, Environment Education, Physical Education, Health Management, Biotechnology etc.

Research today is at the center stage of every educational institution. Foreseeing it way back in 1986 Dr. Patangraoji Kadam founded two self-financed indigenous research institutes viz; R&D Centre for Pharmaceutical Sciences and Applied Chemistry; and Yashwantrao Chavan Institute of Social Science Studies and Research. Subsequently in 2001 International Research School for Health Affairs (IRSHA) was incorporated, which has collaboration with research partners from India and Abroad. These institutes have inculcated a research culture in the campuses of Bharati Vidyapeeth.

With a strong belief in social inclusion and living up to its mission statement 'Social Transformation through Dynamic Education', Bharati Vidyapeeth has spread its wings to provide educational opportunities to both the haves and have nots of the society by establishing campuses at Pune, New Delhi, Navi Mumbai, Kolhapur, Solapur, Karad, Satara and Panchgani.

BHARATI VIDYAPEETH (Deemed to be University) PUNE

In recognition of excellence in the field of education, Ministry of Human Resources Development, Government of India on recommendation of UGC conferred the prestigious Deemed to be University status to 12 institutions of Bharati Vidyapeeth in 1996. This is how Bharati Vidyapeeth (Deemed to be University) came into existence.

Later another 17 institutions were added to the ambit of Bharati Vidyapeeth (Deemed to be University). Today, it has 29 constituent colleges and another 13 schools and departments under 12 faculties namely:

1. Medical Sciences
2. Dentistry
3. Ayurved
4. Homeopathy
5. Nursing
6. Engineering and Technology
7. Pharmaceutical Sciences
8. Management Studies
9. Arts, Social Sciences and Commerce
10. Sciences
11. Law
12. Interdisciplinary Studies

All the constituent colleges are known for its excellent infrastructure, experienced and caring faculty, contemporary curricula, ICT based teaching learning methodology, thrust on research and ample opportunities for co-curricular & extra-curricular activities.

Imparting Inclusive and Experiential Education in Architecture since 1994

BHARATI VIDYAPEETH (DEEMED TO BE UNIVERSITY) COLLEGE OF ARCHITECTURE

THE RIGHT CHOICE :

In keeping with the tradition Bharati Vidyapeeth University has started M.Arch. (Sustainable Architecture) PG Course for the first time in Maharashtra State and in India from August 2006.

The field of Architecture continues to assure greater demand with the ever increasing requirements of housing, designing & construction of various types of structures needed for the Nation building. Due to increasing trend of Urbanisation, there is an increase in the demand of accommodation, both residential as well as industrial. Thus great opportunity exists for trained personnel in Architectural field. There is also a great potential for Architects to develop into successful entrepreneurs.

Bharati Vidyapeeth (Deemed to be University), College of Architecture is an institute dedicated to provide quality professional education in the field of Architecture. We impart our students the knowledge & specific skills necessary to lead successful lives and to grow into positions of influence & leadership in their profession.

Bharati Vidyapeeth (Deemed to be University), College of Architecture has been engaged in preparing students to make successful careers for more than a decade. Along the way, we have developed our own way of doing things, things that our students like and things that employes / clients like & appreciate too.

As a part of Bharati Vidyapeeth, we contribute in our own way to the vision of our founder, Dr. Patangrao Kadam - "Social Transformation through Dynamic Education", by nurturing the spirit of professional education as a source and a system to shape the individuals to become competent professionals & responsible human beings of the society.

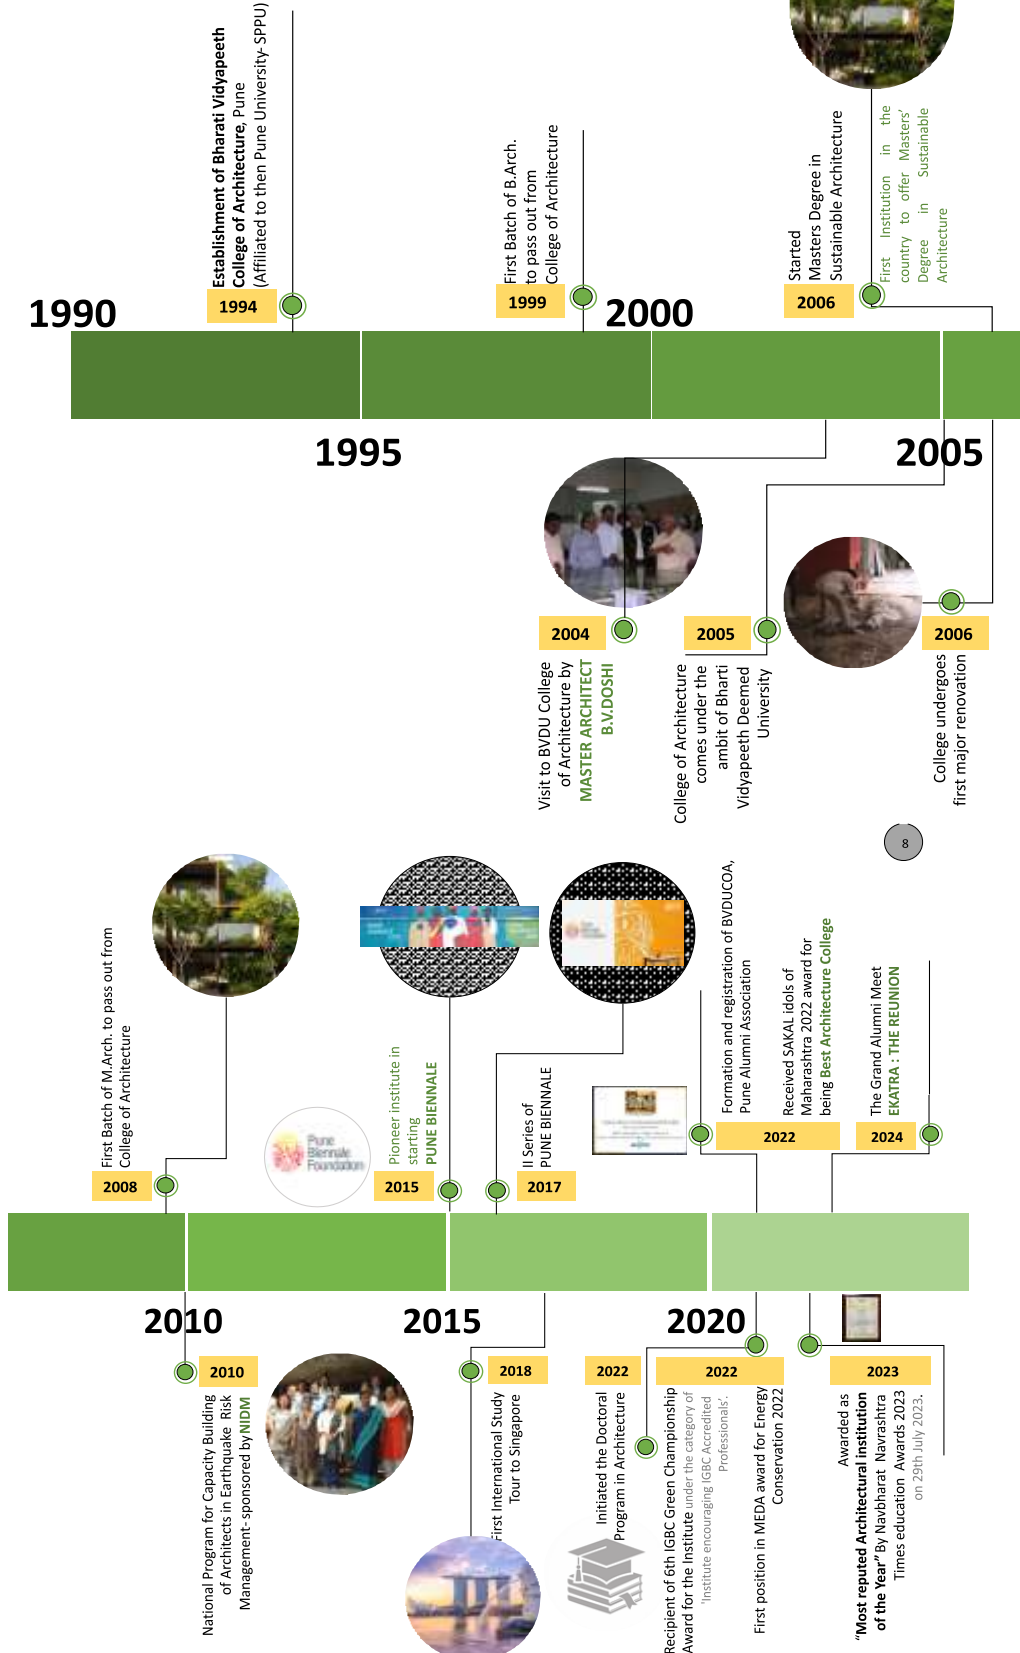

OUR GOALS :

- ◆ Ensuring maximum exposure & interaction of students with the professionals, and building industry.
- ◆ Continually upgrading & modernizing the educational environment for excellence.
- ◆ Establishing center for studies in Energy Conservation & Environment Protection.
- ◆ Encouraging financial resource generation activities for self-sustenance.
- ◆ Helping intelligent but poor students to acquire higher education.

Realising the increasing importance of Architecture as a profession, Dr. Patangrao Kadam, the founder of Bharati Vidyapeeth with his unusual futuristic vision established College of Architecture, Pune in 1994. Over the years, the college has established itself as an ideal centre of Architectural Education.

THE JOURNEY ...

PROF. DR. KAVITA MURUGKAR
(I/C) PRINCIPAL

BHARATI VIDYAPEETH (DEEMED TO BE UNIVERSITY), PUNE **COLLEGE OF ARCHITECTURE**

WELCOME MESSAGE FROM THE PRINCIPAL :

As India celebrates 75 years of Independence in this year 2022, and we look at next 25 years of sustainable development to propel our country to join the elite league of developed nations of the world, we are poised at a crucial juncture of our history. Comprehensive, holistic, sustainable development and infrastructure will pave the path for our country to succeed in this mission. Our young minds, trained and equipped with cutting edge training in design skills, technology and tools aligned with the UN Sustainable Development Goals (UNSDG) will play a vital role in ensuring that sustainable and inclusive physical infrastructure are designed and implemented across the country in the coming decades.

Architecture and architects play a crucial role in creation of public and private built infrastructure and at this crucial juncture in our history, it is imperative that a school of architecture engages with and challenges the minds of budding architects to take challenges head on, and design sustainable, creative and sensitive solutions deeply rooted in context, empathy and inclusive design thinking.

Bharati Vidyapeeth College of Architecture aims to train and equip the students with Empathy, Sensitivity, Design Thinking Skills, Technical expertise, Social Awareness, Economic literacy and Advanced tools and technology to successfully evolve as competent and industry ready professionals and future leaders. We believe in the triad of Social Sustainability, Environmental Sustainability and Economic Sustainability and inculcate these values in our students right from the formative years.

Our student centric and inclusive approach, dynamic course curriculum, innovative teaching and learning methodology, research-oriented studio policy, guided exposure visits, academia and industry interface initiatives, numerous national and international collaborations are our strengths which keep us at the forefront of architecture education in the country! Our dedicated and experienced core faculty team and seasoned pool of professionals serving as visiting faculty members ably supported by an experienced administration team, strive and work in tandem to achieve our objectives.

Bharati Vidyapeeth (Deemed to be University) management with its pro-students and pro-learning policies and support, ensure that our students always get access to the best learning environment, aids and technology along with exposure to real life situations.

We are committed to our Founder Chancellor Dr. Patangrao Kadam sir's vision to stimulate SOCIAL TRANSFORMATION THROUGH DYNAMIC EDUCATION and contribute meaningfully to the cause of nation building.

Jai Hind !

Full time course	Level	Annual Intake	Duration
Master of Architecture. (Sustainable Architecture)	Degree Course	20 (Twenty)	2 (Two) Years

OBJECTIVES OF THE COURSE

MASTER OF ARCHITECTURE IN SUSTAINABLE ARCHITECTURE - M.ARCH. (SUSTAINABLE ARCHITECTURE)

EVOLUTION :

Sustainable development has been defined by the Brundtland Commission Committee (1987) as "Development that meets the needs of the present, without compromising the ability of future generations to meet their own needs." In other words, the concept of living within the capability of supporting eco system can be the basis of sustainable development. In urban context, the sustainable development has been defined as development that is non-damaging to the environment and which contributes to the city's ability to sustain its social and economic structure.

BROAD OBJECTIVES :

Introduction of sustainable building measures can make an important contribution in minimizing the impact of this evolution. More than 20% of the current energy consumption can be saved by 2010 by applying more ambitious standards. It also represents a considerable contribution to meeting Kyoto Protocol (up to 30 to 45% million tones of carbon dioxide per year)

Technology is the principal instrument that will facilitate more rational use of resources during the entire life- cycle of the building. It will also help in responding adequately to the various contexts of the design process such as Climate, Culture, Comfort, Energy, Environment and Ecology, taking a holistic approach and using Scientific Methodology.

RELEVANCE :

Architecture, which is the most demanding of the contemporary disciplines, has both an obvious artistic component and also less obvious, but not less essential, scientific component. Our responsibility to improve the quality of life also beacons us to develop scientific and mathematically based methods of design of Thermal, Luminous, Acoustic and Aqueous environments. The Energy and Environmental issues have brought a new dimension to this process.

Most important of all, an architectural design consists of an ounce of artistic inspiration (aesthetics), which has to be supported by tones of logical argument (i. e. Technology and Engineering)

SYLLABUS:

The syllabus focuses on the four building environments namely: Thermal, Luminous, Acoustics and Aqueous. In order to equip students with sustainable architectural practices they are introduced to various areas in the field such as energy management, evaluation criteria for green buildings, environmental laws and research methods along with design responses to each environment in detail. Internship, site visits and workshops are introduced in the syllabus to gain practical knowledge in the field.

Broad areas of study

- | Sustainable Building Design Principles
- | Sustainable Material and Technology
- | Climate Responsive Architecture
- | Energy Management
- | Energy Systems and Efficiency
- | Energy Efficient Building Design
- | Energy Audit
- | Environmental Impact assessment
- | Evaluation Criteria for Green Buildings
- | Environmental Laws and Legislation
- | Research Methodology
- | Sustainable Settlement Planning.
- | OPEN ELECTIVES

COURSE HIGHLIGHTS

- Attain knowledge of concepts and methods Passive Design , Climate Responsive Architecture and Green Ratings.
- Learn various energy, environmental and policy tools and techniques
- Sensitize the students towards indicators and measures of sustainable development, energy, environment and resource management.
- Equip students in turning sustainable development from concept into practice
- Impart practical knowledge, internship and placement opportunities in Green Building Consultancy and Sustainable Architecture.

Center for Energy Conservation Studies

VISION

"Inculcate Sensitivity towards Sustainable Built Environment through Architectural Education"

The Centre for Energy Conservation Studies (CECS) is a cell of College of Architecture, BV(DU), Pune established in 2001. It is committed to 'energy conservation' and 'environment protection' with an objective:

'To promote energy conservation in buildings and low environmental impact development.'
The cell intends to achieve its objective by engaging in various activities but not limited to the following,

1. Training and awareness programs
2. Research and consultancy
3. Promoting Industry-Institute Interaction
4. Incorporate energy and environmental issues in curriculum design

Promotion of Energy Conservation in Practice In practice

- Solar passive strategies
- Orientation and planning
- Shading
- Minimised use of AC
- Energy audit
- Fixtures and equipment star labelled
- Practice of switching of lights and equipment when not in use
