**Report: Geriatric Camp**

**Date-** 5<sup>th</sup> September 2023

**Time-** 10:30am to 12:30pm

**Venue-** Dimdhime Hall, Dandekar Bridge.

**No of participants-** Geriatric People Staying near Dandekar Bridge area.

**Coordinators:** Dr. Anushree Narekuli and Dr. Ketaki Kulkarni

Bharati Vidyapeeth School of Physiotherapy has attended a multidisciplinary geriatric camp at Dandekar Bridge in collaboration with UHTC (MGM Hospital).

Camp was organized for the purpose of screening and assessment of people staying in dandekar bridge area. Total number of patients registered were 40 and out of which School of Physiotherapy, Pune screened were 32.

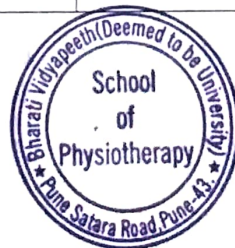

Most of the screened subjects were falling under the category of Geriatrics-Ortho with mild to severe joint pain, few of them also complained of dizziness, postural hypotension, breathlessness and fatigue which were categorized in Geriatrics- Neuro and Geriatrics-Cardio.

We also screened that most of them had balance issues which can further lead to increase in risk of fall. Hence we referred them to the nearby local hospital and also suggested them to come for follow-up to Bharati Hospital Physiotherapy OPD.

Students posted for CBR were included in this camp along with Dr. Anushree N, Dr. Nilesh A, Dr. Neha G, and Dr. Ketaki K.

Over all this Geriatrics Screening Camp was a great success with new experiences for both faculty as well as students.

Sr. No	Conditions	No of Participants
1	Geriatric Orthopedics	22
2	Geriatric Medicine	10
