

# CENTRE FOR INTERNATIONAL STUDIES

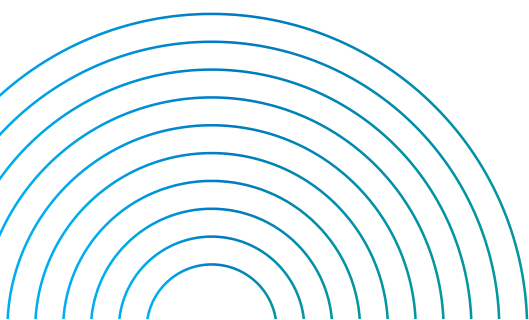

# BV DU BACKGROUND

It was perhaps the 5-km long walks to the only accessible school, which was in a nearby village that forged a burning desire in the young Dr. Kadam to bring the fruits of education to the hundreds and thousands after him. This led to the birth of Bharati Vidyapeeth in a single room in the erstwhile Pune

Established in 1964, Bharati Vidyapeeth started its journey from a small room in the congested lanes in the old part of Pune city. Far-sighted and hard-working, this young man carried on with his noble mission unabatedly. 'Social Transformation through dynamic education', has been the guiding principle of this enterprising individual, who engineered an educational revolution

in the most formative decades of this nation's history. Critics tried to write it off at one point of time, due to its humble origins, but the Bharati Vidyapeeth establishment defied all stereotypes and is one of the top private universities in the country, today.

# ABOUT

## **CENTRE FOR INTERNATIONAL STUDIES**

The Centre for International Studies at our university is committed to providing students with the skills and knowledge necessary to succeed in their academic and professional pursuits. Our department offers a wide range of courses and programs designed to help students improve their language proficiency and prepare for entrance exams.

We offer courses in a variety of languages, including English, French, Spanish, German, Japanese, and more. Our language programs are designed to help students develop their reading, writing, speaking, and listening skills, as well as to increase their cultural awareness and understanding of different linguistic and cultural perspectives.

In addition to our language programs, we also offer courses and programs designed to help students prepare for entrance exams, including standardized tests such as the TOEFL, GRE, GMAT, IELTS, and OET. Our experienced instructors provide students with the tools and strategies they need to perform at their best on these exams, and we offer a variety of resources to help students prepare effectively.

Overall, these courses & methods will help students excel in terms of their Jobs or higher education globally by opening doors to not just good universities abroad but good job opportunities in India and other nations.

# WELCOME MESSAGES

Dear Students, Faculty, and Staff,

As an international student, studying in a foreign country can be a daunting experience. However, it can also be an incredibly rewarding one, offering a chance to learn about new cultures, make new friends and gain valuable experiences that will shape your future.

We understand the unique challenges that you may face and we are committed to providing you with the resources and support that you need to thrive. Whether it is academic guidance, cultural exchange opportunities or social events, we are here to help.

My team of dedicated staff members is available to answer any questions that you may have and to provide you with information on a wide range of topics, from visa and immigration issues to housing and healthcare. We also organize a variety of events throughout the year.

As a member of our international student community, I encourage you to take advantage of all that our university has to offer, be it foreign language & entrance exam preparation courses or International placements. Whether you are here for a short-term program or a full degree, we are committed to taking care of you right from the courses we offer to getting you placed in the top companies and even opening door for higher education abroad.

01.

**Prof. Dr. Kirti Mahajan**  
**DIRECTOR**

# OVER VIEW

# VISION

Our vision is to make every student studying at BVDU know & communicate in different foreign languages and provide each student with entrance exam trainings which will enable them to choose their dream jobs or education without the constraints of the boundaries.

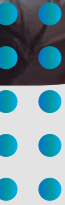

# MISSION

We are committed to teach students different foreign languages, international entrance exam preparation courses & open doors for International placements & opportunities for higher studies around the globe giving the students a sense of freedom in terms of pursuing their dream.

# 02.

# OUR OBJECTIVES

- **Offering language training, Entrance exam preparation and support:** The Centre offers language courses, tutoring, and support services to help students improve their language skills and communication abilities in different languages and help them navigate different entrance exams for higher studies.
- **Fostering international research and scholarship:** The Centre can provide funding, resources, and support for research projects that address global issues and contribute to the international scholarly community.
- **Supporting international students and scholars:** The Centre can offer orientation, advising, and support services for international students and scholars, helping them adjust to the new academic and cultural environment.
- **Developing partnerships with international institutions and organizations:** The Centre can establish partnerships with other institutions and organizations around the world to promote international cooperation and collaboration on research, education, and policy initiatives.

# ENTRANCE EXAMS

## GRE

The GRE (Graduate Record Examination) is a standardized test that is commonly used by graduate schools in the United States and some other countries as part of the admissions process for master's and doctoral degree programs. The exam is developed and administered by the Educational Testing Service (ETS) and is designed to measure a student's aptitude for graduate-level study.

The GRE exam is divided into three main sections: Verbal Reasoning, Quantitative Reasoning, and Analytical Writing.

Overall, the GRE exam is an important part of the graduate school admissions process and can play a significant role in determining a student's eligibility for admission to a graduate program.

# GRE

## BLOOM'S TAXONOMY

### 1. Remembering:

- Recall and recognize key vocabulary words commonly found in GRE verbal sections.
- Identify and remember mathematical formulas, rules, and concepts relevant to the GRE quantitative sections.
- Memorize important facts, dates, and events related to GRE analytical writing prompts.

### 2. Understanding:

- Explain the meaning and significance of vocabulary words in context.
- Interpret and comprehend quantitative data presented in tables, charts, and graphs.
- Demonstrate an understanding of complex written passages and their main ideas.

### 3. Applying:

- Apply vocabulary knowledge to answer synonym and antonym questions in the verbal section.
- Utilize mathematical principles to solve quantitative problems and apply them to real-world scenarios.
- Apply critical thinking skills to analyze and evaluate arguments in the analytical writing section.

# GRE

## BLOOM'S TAXONOMY

### 4. Analyzing:

- Analyze and evaluate the structure, organization, and effectiveness of written arguments.
- Break down complex mathematical problems into smaller components for accurate problem-solving.
- Analyze data sets and identify trends, patterns, and relationships in quantitative information.

### 5. Evaluating:

- Evaluate the validity and soundness of arguments, identifying logical flaws and fallacies.
- Assess and compare the strengths and weaknesses of different approaches to problem-solving.
- Evaluate the quality and effectiveness of written responses based on the given criteria.

### 6. Creating:

- Generate well-constructed and coherent written responses for analytical writing prompts.
- Create and implement strategies to solve complex quantitative problems efficiently.
- Design study plans and customized approaches to GRE preparation based on individual strengths and weaknesses.

## STUDY MATERIAL

Standard text books available in the market

# GRE

## SYLLABUS

### 1. Verbal Reasoning:

- Vocabulary: Learn and practice high-frequency GRE vocabulary words and strategies for memorization and usage.
- Reading Comprehension: Develop critical reading skills, such as identifying main ideas, making inferences, and understanding author's tone and purpose.
- Text Completion and Sentence Equivalence: Understand and practice strategies for approaching and answering these question types effectively.

### 2. Quantitative Reasoning:

- Math Fundamentals: Review essential mathematical concepts, including arithmetic, algebra, geometry, and data analysis.
- Problem Solving: Learn problem-solving techniques and strategies to approach quantitative questions with confidence.
- Data Interpretation: Develop skills to analyze and interpret data presented in tables, charts, and graphs.

# GRE

## SYLLABUS

### 3. Analytical Writing:

- Issue Task: Understand the requirements of the issue task, practice brainstorming, outlining, and constructing well-supported arguments.
- Argument Task: Analyze and evaluate the structure, reasoning, and evidence in argument prompts, and learn strategies for constructing a coherent critique.

### 4. Practice Tests and Performance Improvement:

- Full-length Practice Tests: Simulate the actual GRE exam experience through timed, full-length practice tests.
- Test Review: Analyze and review answers to practice tests, identify areas of strength and weakness, and develop targeted improvement plans.
- Test-Taking Strategies: Learn effective strategies for time management, question prioritization, educated guessing, and test anxiety reduction.

### 5. Test-Taking Skills and Strategies:

- Exam Strategies: Familiarize students with the overall structure and question types of the GRE exam.
- Time Management: Practice pacing techniques to maximize efficiency and accuracy during the exam.

# GRE EXAM PATTERN

## PAPER BASED

<b>SECTION</b>	<b>DURATION</b>	<b>SECTIONS &amp; QUESTIONS</b>
Analytical writing	60 Mins	2 Sec. & 2 Tasks
Verbal reasoning	70 mins	2 sec & 50 Que.
Quantitative reasoning	80mins	2 sec & 50 Que.

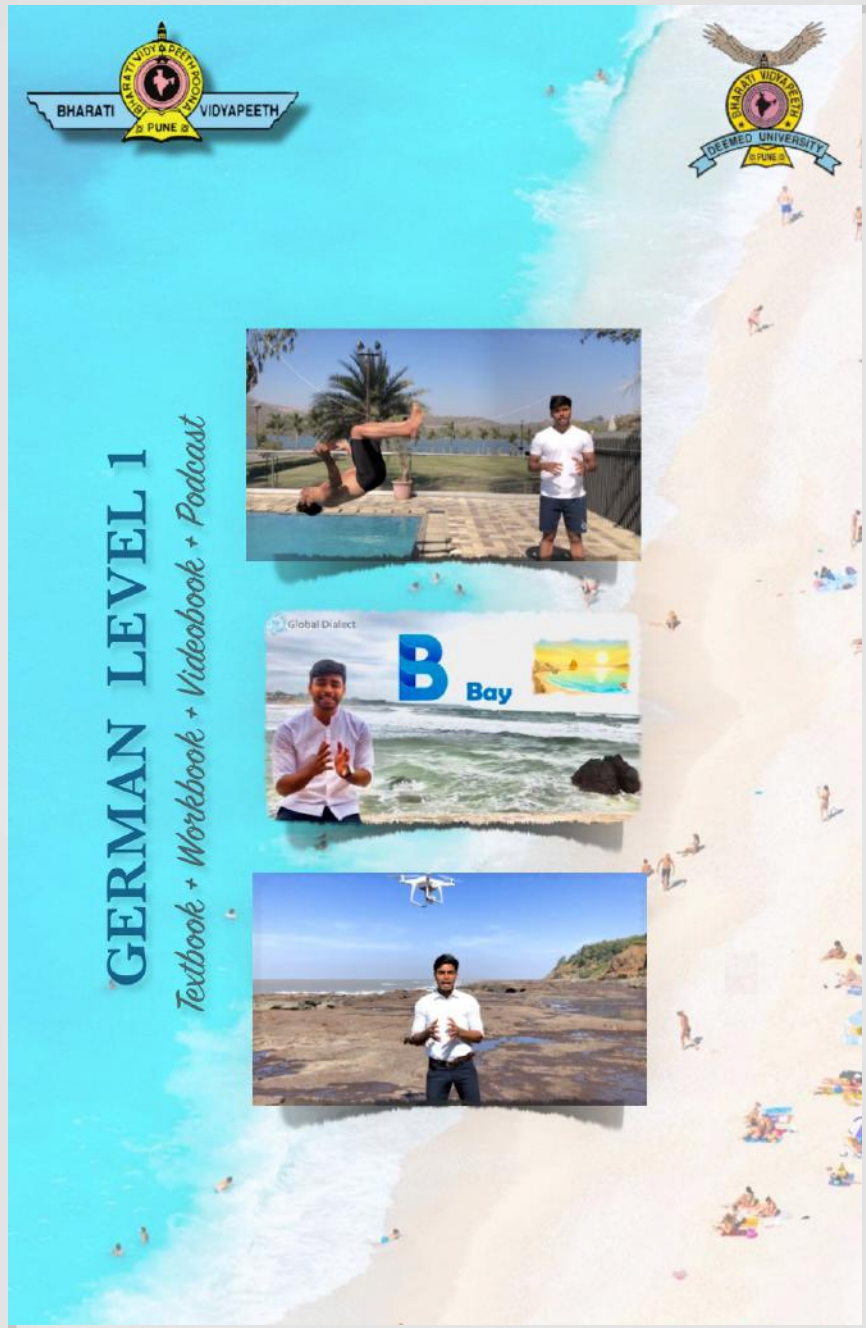

## COMPUTER BASED

<b>SECTION</b>	<b>DURATION</b>	<b>SECTIONS &amp; QUESTIONS</b>
Analytical writing	60 Mins	2 Sec. & 2 Tasks
Verbal reasoning	60 Mins	2 sec & 50 Que.
Quantitative reasoning	70 mins	2 sec & 50 Que.
Unscored	VARIABLES	VARIABLES
Research	VARIABLES	VARIABLES

## COURSE DURATION

Course Duration	10 weeks
Total Lectures	50
Duration of every lecture	2 hours
Total hours spent on classroom training	100 hours.

# STUDY MATERIAL

**BOOKS:** with english explanation of the grammar and translated examples + Audio attached to the book

# STUDY MATERIAL

**STUDY MATERIAL:** Standard book for the course + notes by the teachers in the classroom will be provided to the students.

**VIDEO ASSISTANCE:** Video materials from the internet will be hand picked & will be made available for the students which would allow them to practice & learn after lectures as well.
