4TH February, 2023, WORLD CANCER DAY

World Cancer Day is an international day marked on 4 February to raise awareness of cancer and to encourage its prevention, detection, and treatment. World Cancer Day is led by the Union for International Cancer Control (UICC) to support the goals of the World Cancer Declaration, written in 2008. The primary goal of World Cancer Day is to significantly reduce illness and death caused by cancer and is an opportunity to rally the international community to end the injustice of preventable suffering from cancer. The day is observed by the United Nations.

World Cancer Day targets misinformation, raises awareness, and reduces stigma. Multiple initiatives are run on World Cancer Day to show support for those affected by cancer. On the occasion of World Cancer Day the NSS volunteers of Bharati

Vidyapeeth College of Nursing, Pune had organized a cancer awareness program in Chavan Nagar. The theme of World Cancer Day 2023 is “**Close the care Gap**”. The theme is about understanding the inequities in cancer care and taking actions to make necessary progress to address them. The program was conducted from 10:00am to 11:30am. The beneficiaries of the program were the residents of Chavan Nagar. NSS Volunteers 63 participants (Male 25 & female 38)

The volunteers had prepared attractive charts and posters to help raise awareness about cancer. The residents were given information about cancer, its causes, symptoms, prevention and treatment. The main aim of the cancer awareness program was to reduce misconceptions related to cancer and the prejudices associated with it among the people and getting the right information about it. The program ended on a positive note. We thanked the residents for their active participation and for making this initiative a grand success.

9TH February, 2023 PARTICIPATED IN “JAAGRUK PALAK SUDHRUDH BALAK ABHIYAN”
