

## **Mukul Madhav Foundation Cerebral Palsy Assessment Camp- Ratnagiri 2024**

Mukul Madhav Foundation had organised a three day camp at Ratnagiri for conducting speech, language, communication, swallowing, literacy and Augmentative and Alternative Communication (AAC) assessments for children with cerebral Palsy. A team of professionals including Audiologist and Speech language Pathologist, Developmental Pediatricians, physiotherapist, ophthalmologist, orthopaedic surgeons were involved in the conducting holistic assessments of the children. These children visited the camp site from nearby villages of Ratnagiri district. Though the camp was initiated to accommodate children with cerebral palsy, individuals with other speech language issues like epilepsy, Autism Spectrum Disorder, Speech Sound Disorders, Stuttering, literacy deficits also reported for assessments. A holistic assessment was done followed by home plan, parental counselling, treatment options, etc. A total of 44 children were assessed.
