

### 3.1.5 University has the following facilities

#### 2. Museum

### REPORT OF MUSEUM

The Museum facility in the educational campus allows the learners to get physically surrounded with the things that they have already learnt in the classroom. It helps the learner to get acquainted with the actual events and things and makes the concept even more clear.

Bharati Vidyapeeth (Deemed to be University), Educational Campus, Sangli, has made the provision for Museum in the campus. The specimens of human body parts are been displayed in the glass jars.

The cadaveric dissection makes it easier for the students to comprehend the anatomical positions of the body parts and know their detailed structures.

Moreover, the three dimensional models of various structures are made available. Also the actual embryology and the formation of foetus is been displayed in the labelled glass jars, which makes the understanding of students more clear.
