Subject: Permission to conduct value added course on Good laboratory Practices at IRSHA.

Dear Sir,

Students undergoing degree courses/fresh graduates/employees from start-up in the biological science field do not have enough exposure on Good Laboratory Practices. This limits their prospect of getting selected in protocol driven companies/institutes/laboratory.

To enhance the skills of such individuals, we want to start a value added course on Good laboratory Practices.

Details of the course is as follows,

Name of the Value Added Course: Good laboratory practices

Duration of course: 18 hours (2 days)

Number of times offered during the specified year: One

Total number of students completing such courses: 10 to 40

Course content: Entry and exit from laboratory, cleaning of laboratory, biomedical and chemical waste disposal, spillage cleaning, types of biosafety laboratories, biosafety, biosecurity, environment health and safety, operation of equipment (biosafety cabinet, laminar air flow, centrifuge, autoclave), introduction to institutional biosafety committee, introduction to review

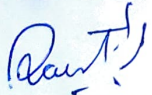

committee on genetic manipulation, introduction to facility manual and environment health and safety manual, visit to the laboratory (introduction to building management system, air handling system, airlocks, etc).

Fees: Free of cost ^{for the Part 1} in first ~~three~~ years.

Type of certificate: Certificate of participation

I kindly request you to please approve the course.

Kind regards,

Harshad Patil.

OK

Value added course on Good Laboratory Practices (GLP)

A value added course on Good Laboratory Practices (GLP) will be conducted at Interactive Research School for Health Affairs (IRSHA), Bharati Vidyapeeth (Deemed to be University) on 18.08.2022-19.08.2022.

The course is beneficial for all students/fresh graduates/employees from start-up in the biological science field.

The course will cover following topics,

Entry and exit from laboratory, cleaning of laboratory, biomedical and chemical waste disposal, spillage cleaning, types of biosafety laboratories, biosafety, biosecurity, environment health and safety, operation of equipment (biosafety cabinet, laminar air flow, centrifuge, autoclave), introduction to institutional biosafety committee, introduction to review committee on genetic manipulation, introduction to facility manual and environment health and safety manual, visit to the laboratory (introduction to building management system, air handling system, airlocks, etc).

No cost will be charged for the course.

For more information, please contact Dr. Harshad Patil, mobile number: 9130551560.
