

BHARATI VIDYAPEETH (Deemed to be University)
College of Nursing, Sangli
IQAC CELL Organizes Training Programme for teaching Faculty

REPORT ON

"Study Designs and Statistical Methods using SPSS"

Date: 6th September 2019 to 7th September 2019

Time: 3.00 pm to 5.00 pm

Objectives:

- To know about research designs and its type
- To learn and apply various statistical methods regarding qualitative and quantitative research design by use of SPSS

Expert:

Dr. Nilima Bhore Dean Nursing College, Sangli, she is having a vast experience and being

expert in Nursing research, guiding, and evaluating the research projects and thesis of PG and

Ph.D. She is actively contributing to providing information and opinions regarding research and

conducted various educational activities, also guided in establishment of IEC at Sangli,

Dr Pravin Dani Professor cum viceprincipal BVDU College of Sangli is an active and young researcher, institutional RRC and IEC

member at BVCON, Sangli. Had abundant knowledge in research, expert in guiding and evaluating the research projects and thesis of UG, PG and Ph.D.

Dr Alka Gore, Assistant Professor in Statistics, Bharati Vidyapeeth Deemed University Medical College & Hospital, Sangli, Maharashtra, India., IndiaAlka She had vast experience and reviewed various research project and conducted more than 25 publication guided and analysis various project

Beneficiaries: 25 teaching faculty from College of Nursing, Sangli

About the details of Programme:

Dr. Nilima Bhore, Dean, the first speaker delivered the session and strategies of effective teaching in nursing. Being a teacher that you have to adjust to new situations and new situations every year. There are numerous tactics teachers can employ to successfully integrate interesting

lesson plans that suit students of different academic levels and learning preferences into their classes. g

Dr. Pravin Dani had discussed on research Design, characteristics main elements of a Research Design the need important concepts and different types of Research Design. He had also explain research designs with examples and highlited the use of research design significant to nursinoreg research

Dr Alka Gore, in her session on 2nd day of FDP This introduction concentrates on using SPSS for the exploratory phase of data analysis, then briefly discusses some commonly used statistical techniques

Conclusion with Participant feedback analysis:

The participants opined that the workshop was a real hands on experience regarding the various statistical measures. The post graduate students expressed that many of the concepts were clear after the workshop. The hands on training was very well appreciated. There were no hindrances faced by the organizers in the conduct of this workshop.

PROGRAMME SCHEDULE

Time	Programme
Day-I (06.09.2019)	
2.00 to 2.20	Inaguration and kcynote address
2.20pm to 3.30 pm	Session-I Topic: Study Designs and sample distribution
3.30 to 5.00 pm	Lecture-2 Topic: Survival models- CoxProportional hazards models
Day-2 (07.09.2019)	
3pm-4.30pm	Session-II Topic. MetaAnalysesforQualitativeand Quantitative

	Research
4,30 to 5.00pm	Feedback and certificate Distribution, Valedictory Function

ACTION

Nilima
Dr. (Mrs.) Nilima Rajan Bhore
 Dean, Faculty of Nsg. / Principal
 BVDU, College of Nsg. Sangli.
