

Report on Poster Exhibition on Social Awareness on Water Conservation Practices

Organized by: Civil Department

Participants: B.Tech (Civil) Sem-III Students

Date: 5th August 2024

Introduction

The Civil Engineering Department of BVUCOE, Pune, organized a poster exhibition on the 5th of August, focusing on the theme of "**Social Awareness on Water Conservation Practices.**" The exhibition aimed to highlight the importance of water conservation and educate the community on sustainable practices to manage and conserve water resources.

Objectives

The primary objectives of the poster exhibition were:

- To raise awareness about the critical issue of water scarcity.
- To educate students and visitors on various water conservation techniques.
- To encourage innovative thinking among students on sustainable water management.
- To promote community engagement in water conservation efforts.
- Participants and Exhibits:

A total of 30 students from B.Tech (Civil) Semester III participated in the exhibition. Each student or group of students prepared a poster that showcased their understanding and ideas on water conservation. The posters covered a wide range of topics, including:

Rainwater harvesting techniques, efficient irrigation methods, Water-saving technologies in households, The impact of deforestation on water resources.

Highlights of the Exhibition

Innovative Posters: The posters were judged on creativity, relevance, and the practicality of the proposed solutions. Many students demonstrated innovative ideas, such as integrating modern technology with traditional water conservation methods.

Interactive Sessions: Students were available to explain their posters to visitors, creating an interactive environment. This not only helped in conveying the message effectively but also

provided the students with an opportunity to improve their communication skills and conservation practices.

Feedback and Impact

The feedback from both participants and visitors was overwhelmingly positive. Many appreciated the creativity and depth of design exhibited by the students.

Conclusion

The poster exhibition on "Social Awareness on Water Conservation Practices" organized by the Civil Department was a significant success. It not only provided a platform for students to showcase their innovative ideas but also played a crucial role in educating the community on the importance of water conservation. Such events are essential in fostering a culture of sustainability and responsible resource management among future engineers and the wider community.

Acknowledgments

We extend our heartfelt thanks to the **Dr. Vidula Sohoni -Principal** BVDU COEP, **Dr. Rajesh Jadhav** Head(Civil), **Mrs. Pooja Pawar** -Coordinator, Senior faculty **Dr. Milind Gidde** and all faculty members of Civil Department , all the students who participated and contributed to the success of this event. Special appreciation goes to the organizing committee for their efforts in making this exhibition a memorable and impactful experience.
