REPORT ON WOMEN EMPOWERMENT

Women's day was celebrated with great pomp and ceremony in the school on 8th march 2023. The women's staff rooms were decorated with floral rangoli and every woman staff was felicitated with a rose. On this day Dr. Anita Patil was invited as a guest to give lecture on health and hygiene during their menstrual cycle. Dr. Anita Patil highlighted many points on her lecture which is essential to the well-being and empowerment of women and adolescent girls. On any given day, more than 300 million women worldwide are menstruating. In total, an estimated 500 million lack access to menstrual products and adequate facilities for menstrual hygiene management (MHM). To effectively manage their menstruation, girls and women require access to water, sanitation and hygiene (wash) facilities, affordable and appropriate menstrual hygiene materials, information on good practices, and a supportive environment where they can manage menstruation without embarrassment or stigma. 56 girls participated in that event.
