### **Grading System for Programmes under Faculty of Management Studies:**

The Faculty of Management Studies, Bharati Vidyapeeth (Deemed to be University), Pune has suggested the use of a 10-point grading system for all programmes designed by its different Board of Studies.

The 10 point Grades and Grade Points according to the following table

<b>Range of Marks (%)</b>	<b>Grade</b>	<b>Grade Point</b>
$80 \leq \text{Marks} \leq 100$	O	10
$70 \leq \text{Marks} \leq 80$	A+	9
$60 \leq \text{Marks} \leq 70$	A	8
$55 \leq \text{Marks} \leq 60$	B+	7
$50 \leq \text{Marks} \leq 55$	B	6
$40 \leq \text{Marks} \leq 50$	C	5
Marks < 40	D	0

### **Standard of Passing:**

For all courses, both UE and IA constitute separate heads of passing (HoP). In order to pass in such courses and to earn the assigned credits, the student must obtain a minimum grade point of 5.0 (40% marks) at UE and also a minimum grade point of 5.0 (40% marks) at IA.

- If Students/ Learners fails in IA, the Students/ Learners passes in the course provided, he/she obtains a minimum 25% marks in IA and GPA for the course is at least 6.0 (50% in aggregate). The GPA for a course will be calculated only if the student passes at UE.
- A Students/ Learners who fails at UE in a course has to reappear only at UE as backlog candidate and clear the Head of Passing. Similarly, a Students/ Learners who fails in a course at IA he/she has to reappear only at IA as backlog candidate and clear the Head of Passing to secure the GPA required for passing.
- The performance at UE and IA will be combined to obtain GPA (Grade Point Average) for the course. The weights for performance at UE and IA shall be 50% and 50% respectively.
- GPA is calculated by adding the UE marks out of 50 and IA marks out of 50. The total marks out of 100 are converted to grade point, which will be the GPA.

### Rules of ATKT

- For course up to four semesters, a student is allowed to carry any number of Backlogs of a prescribed course in Sem-I, II, III to Sem-IV provided he appears and have backlogs

A student can appear for any four continuous semesters in an examination season including the regular semester, provided the student has appeared and have backlogs for other three semesters.

### Formula to calculate Grade Points (GP)

Suppose that 'Max' is the maximum marks assigned for an examination or evaluation, based on which GP will be computed. In order to determine the GP, Set  $x = \text{Max}/10$  (since we have adopted 10 point system).

Then GP is calculated by the following formulas

Range of Marks	Formula for the Grade Point
$8x \leq \text{Marks} \leq 10x$	10
$5.5x \leq \text{Marks} \leq 8x$	Truncate (M/x) +2
$4x \leq \text{Marks} \leq 5.5x$	Truncate (M/x) +1

Two kinds of performance indicators, namely the Semester Grade Point Average (SGPA) and the Cumulative Grade Point Average (CGPA) shall be computed at the end of each term. The SGPA measures the cumulative performance of a student in all the courses in a particular semester, while the CGPA measures the cumulative performance in all the courses since his/her enrollment. The CGPA of student when he /she complete the program is the final result of the student.

The SGPA is calculated by the formula

$$SGPA = \frac{\sum C_k * GP_k}{\sum C_k}$$

Where,  $C_k$  is the Credit value assigned to a course and  $GP_k$  is the GPA obtained by the student in the course. In the above, the sum is taken over all the courses that the student has undertaken for the study during the Semester, including those in which he/she might have failed or those for which he/she remained absent. **The SGPA shall be calculated up to two decimal place accuracy.**

The CGPA is calculated by the following formula

$$CGPA = \frac{\sum C_k * GP_k}{\sum C_k}$$

where,  $C_k$  is the Credit value assigned to a course and  $GP_k$  is the GPA obtained by the

student in the course. In the above, the sum is taken over all the courses that the student has undertaken for the study from the time of his/her enrollment and also during the semester for which CGPA is calculated. **The CGPA shall be calculated up to two decimal place accuracy.**

**The formula to compute equivalent percentage marks for specified CGPA: = (Final CGPA-0.5)\*10**

**Award of Honors:**

A Students/ Learners who has completed the minimum credits specified for the Programme shall be declared to have passed in the Programme. The final result will be in terms of letter grade only and is based on the CGPA of all courses studied and passed.

The criteria for the award of honors are given below.

<b>Range of CGPA</b>	<b>Final Grade</b>	<b>Performance Descriptor</b>	<b>Equivalent Range of Marks (%)</b>
9.5≤CGPA ≤10	O	Outstanding	80≤Marks≤100
9.0≤CGPA ≤9.49	A+	Excellent	70≤Marks≤80
8.0≤CGPA ≤8.99	A	Very Good	60≤Marks≤70
7.0≤CGPA ≤7.99	B+	Good	55≤Marks≤60
6.0≤CGPA ≤6.99	B	Average	50≤Marks≤55
5.0≤CGPA ≤5.99	C	Satisfactory	40≤Marks≤50
CGPA below 5.0	F	Fail	Marks below 40

***Important Note:***

- Student or Learner is expected to write Two Research Papers and publish it in Peer Reviewed Journals.
- A Student /Lerner can carry any number of backlog paper till Semester-IV provided his/her academic term(s) is/are granted

Programme: MBA (HR) CBCS - Revised Syllabus w.e.f. - Year 2022 – 23			
Semester	Course Code	Course Title	
III	304	Summer Internship	
Type	Credits	Evaluation	Marks
Core	8	IE	50:50

**Rules for Summer Internship:**

- 1) All students of MBA-I have to undergo a mandatory Summer Internship Program (SIP) of minimum 60 days in an organization after their Sem-II exams.
- 2) The Summer Internship is allocated 8 credits as per the University Syllabus
- 3) Selection of students for Internship: The Institute CRC (Corporate Resource Cell) gets the Internship requirements from Industry/Organization for specific roles. After the allocation of internship slots by the industry to the institute, the students undergo the selection process. At the end the company selects the students based on their performance. Once a student has taken up a summer internship project from campus, he/she will not be allowed to withdraw for another off-campus offer that he/she may secure at a later stage. Violation of the rule will result in barring him/her from the final placement process.
- 4) During the period of the Internship it is absolutely necessary for the students to conduct himself/herself professionally during the tenure with the organization as a summer intern.
- 5) During the Internship period, on all working days, students to be in formal dress code. Situations may arise when the Company guide may call and wants to have a video call with students and students are not found in formals. Complaints from the company guide, such as these will not be tolerated. This will lead to cancellation of the project.
- 6) At all times during the Internship period, students should be accessible on their Mobile Phones. Also they are to regularly access their emails for any messages from their Internal faculty guide or their Company Guide. In addition, if the institute receives any complaint from the organization 's regarding the conduct or indiscipline of the student, strict action will be taken against the student.
- 7) The permission to extend the period of summer internship is taken in consultation with the Institute Director.
- 8) Team CRC will be in constant touch with the Company Guide to take the feedback on student 's progress during the Internship.
- 9) The student 's need to remember that his/her conduct & performance, can mar or enhance the Institute 's image thereby affecting the final placement.
- 10) During the entire period of the Internship, for subject/project related matters, students are to be in touch with their Internal Faculty Guide. And for other company matters they can

contact CRC.

- 11) During the tenure with the organization the student is required to work on a subject relevant to the organization and society, formulating the problem and devising ways to solve the same under expert guidance.
- 12) Before the Students join the Organization for the Internship they are oriented for the do's and don'ts' of the Internship by the CRC.
- 13) Once the Students join the Internship they are oriented by the reporting manager at the new workplace. This might take the form of a conventional orientation program or merely a walk around the office, depending on the size of the company. Give interns an overview of the organization; some companies give talks or hand out information about the company 's history, vision and services. Explain who does what and what the intern 's duties will be. Introduce him or her to co-workers.
- 14) Guidance/ Regular Feedback: It's important to give students lots of feedback. The reporting manager in the organization gives the students feedback during the course of the Internship. They 'll want to know if their work is measuring up to organizational expectations.
- 15) Daily progress report of Intern is to be evaluated by industry supervisor as well as by the Internal Faculty guide.
- 16) Both the Industry Guide and the Internal Faculty Guide periodically examine what the intern has produced and make suggestions. Weekly supervision meetings with the students help to monitor the intern 's work. After completion of Internship, the student should prepare a comprehensive report to indicate what he/she has observed and learnt in the training period. The student has to be in constant touch with Industrial Supervisor/ Faculty Guide/TPO for assigning special topics and problems and should prepare the final report on the assigned topics.
- 17) The training report should be signed by the Internship Supervisor, Faculty Guide and the Director of the Institute. The Internship report will be evaluated on the basis of following criteria:
  - Originality.
  - Adequacy and purposeful write-up.
  - Organization, format, drawings, sketches, style, language etc.
