

## Consultancy Projects

### Consultancy Projects at Bharati Vidyapeeth (Deemed to be University) Dental College and Hospital, Navi Mumbai.

**Institutional Role in Consultancy:** Consultancy plays a critical role at the institutional level by facilitating collaboration between academia and industry, promoting the exchange of knowledge, and providing real-world applications of academic expertise. Through consultancy, Bharati Vidyapeeth Dental College, Navi Mumbai supports industry needs while enhancing their educational mission and contributing to advancements in healthcare. These projects also generate financial support for the institution, reinforcing its role as a consultant for corporate engagements.

Bharati Vidyapeeth (Deemed to be University) Dental College and Hospital, Navi Mumbai, is proud to have successfully conducted a consultancy project in collaboration with **Prevest Denpro Ltd.**, a leading manufacturer of high-quality dental products and **with Movani Pharma Pvt. Ltd.** This collaboration exemplifies the college's commitment to bridging academic excellence with industry needs.

### Training Program for Prevest Denpro Representatives

Under the guidance of the Principal, and Dr. Harsh Mishra, Associate Professor, Department of Orthodontics and Dentofacial Orthopaedics, a specialized training program was conducted for Prevest Denpro representatives. The primary objective of the training was to equip the representatives with in-depth knowledge on how to effectively present the company's dental products to dentists, dental specialists, postgraduates, undergraduates, and teaching faculty.

The training session met its objectives, ensuring that Prevest Denpro's representatives are now well-prepared to communicate the unique aspects of their products to the dental community.

### Consultancy Reimbursement

For the successful execution of this project, Prevest Denpro Ltd. reimbursed a consultancy fee of Rs. 10,000/- to the official account of Bharati Vidyapeeth (Deemed to be University) Dental College and Hospital, Navi Mumbai. This engagement highlights the institution's role as a key consultant for industry-related projects.

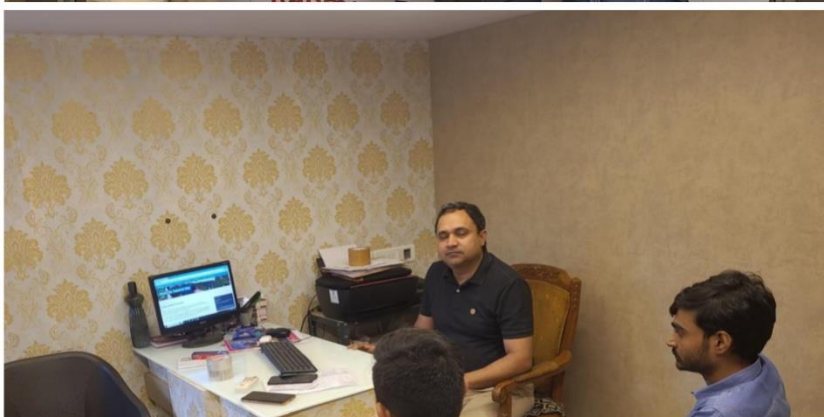

### Consultancy Project with Movani Pharma Pvt. Ltd.

On 31st May 2023, Bharati Vidyapeeth (Deemed to be University) Dental College and Hospital, Navi Mumbai, successfully completed a corporate consultancy project for Movani Pharma Pvt. Ltd., showcasing the institution's commitment to providing valuable expertise to the healthcare industry.

### Training on Oral Hygiene and Mouthwashes

Dr. Harsh Mishra, Associate Professor, Department of Orthodontics and Dentofacial Orthopaedics, conducted a specialized training session for the medical representatives and executives of Movani Pharma Pvt. Ltd. The training, titled "Role of Mouthwashes and Oral Hygiene in Prevention of Oral Cancer", was held at Movani Pharma's head office in Andheri East, Mumbai, on World No Tobacco Day.

The training program covered various important aspects of oral hygiene, including the composition and classification of mouthwashes and their role in preventing oral cancer. Dr. Mishra emphasized the importance of maintaining oral hygiene using mouthwashes and

trained the participants in effectively communicating these concepts to healthcare professionals and the general public.

#### Consultancy Reimbursement

A consultancy fee of Rs. 10,000/- (Ten Thousand only) was paid to the account of Bharati Vidyapeeth (Deemed to be University) Dental College and Hospital, Navi Mumbai,
