

Scientific Review Committee Meeting

The **Scientific Committee** at Bharati Vidyapeeth Dental College and Hospital, Navi Mumbai, organized a series of significant meetings leading up to the main **Scientific Review Committee Meeting** held on April 16-17, 2024. Prior to this event, the committee conducted a **Short Study Projects Review Meeting** for faculty and students (undergraduates and postgraduates) in the first week of March 2024. The goal was to assess and review the short study projects submitted as part of ongoing research initiatives.

The review process was led by Dr. Nilesh Joshi, Chairman of the Scientific Research and CDE

Committee, who oversaw the smooth execution of the event, ensuring that all arrangements, including hospitality for the external guests, were meticulously managed.

Two esteemed external experts, **Dr. Treville Pereira**, Professor and Head of the Department of Oral Pathology at DY Patil Dental College, and, Associate Professor in the Department of Conservative Dentistry and Endodontics at Government Dental College, Mumbai, were invited to assess the research proposals. Their vast expertise added immense value to the

event, providing critical insights and guidance to the participants.

Over the course of two days, 22 research proposals were presented, comprising:

- 15 proposals from students
- 7 proposals from staff

Each presentation was thoroughly evaluated for its scientific merit, methodology, and potential impact on the field of dentistry. The external experts, along with the internal board, offered constructive feedback, helping researchers refine their studies and enhance the quality of their work.

This meeting highlighted the commitment of Bharati Vidyapeeth Dental College to promoting research and innovation among its students and faculty. The feedback and guidance provided during the meeting are expected to help these researchers make significant strides in their respective fields.
