## Students feedback 2018-19

## Suggestions

- 1. We should be able to borrow more than 2 books per student from the library. And they need to issue books of latest edition. There are hardly few copies of latest edition among 100's of students, making it difficult for others to get those books.
- 2. There is no sports activity for maintaining physical health
- 3. Computer lab improvement
- 4. Regular lectures should be conducted
- 5. Syllabus seems like out dated, need more attention for specialization subject.
- 6. Technology is advancing, and it is time for people to walk parallel to all of these innovation
