Suggestions for improvement in curriculum design and development 78 responses

Exam fees is high so please try to charges of exam fees should be reduces
Practicals must be conducted regularly and notes must be provided before a particular topic is taught so that we can at least go through and analyse it
The teachers are not send notes & he is not reply the message and call
No need for any suggestions every thing is excellent.

No any suggestions..
Good overall
No
No any suggestion
No suggestion thank you
No any suggestions
More practicals has to be conducted on a day than theory and real working examples should be presented for better understanding.

Nothing !!!

Online classes still conduct strictly and Cp lecs are also conduct strictly

Nice

Some online activites

Excellent

Nothing to improve

Nothing in improvement

All facilities are available in the college so my suggestion is no need to improvement.

INFORMATION OF ALL THE BCA & MCA COURSES SOULHD BE GIVEN .

No Suggestions as such.

Knowledge regarding campus placements and job interviews must be provided. Even the process for campus placements must be disclosed to the students.

To give chance to all students freely

Overall good

1. Computer lab because there hardware or software had old version. Students want latest version 🤔 2.

Teaching skill had nice but it's old way. Students can't access new skills and course related knowledge.

Because teachers thinks that students are smart, they can do anything. Plz don't think students are

smart. 3. Some teacher support students 4. Make your own online website for students. Because I got

an exam on Hireme website it's totally trash website i ever seen . There exam security is totally worst.

Its a bullshit

All is good .

The Best College every ❤️

Vvvv good

placement

Practical knowledge and management skills development

Practical knowledge

Would be great to have more activities and opportunities to enhance our skills and to have subject selection options

Sessions can be more engaging .
